INTRODUCTION

YOR Health provides YOR Health Independent Distributors (IDs) an opportunity to earn income through the sales of YOR Health products. To help you succeed and maximize the multiple ways to earn income at YOR Health, we have set minimum requirements and milestones for our various compensation, commissions, bonuses and rank achievements, to encourage short and long-term success!

Before we delve into the Ways to Earn Income, it is important for you to familiarize yourself with some basic terms!

• • •

THREE TYPES OF PEOPLE WHO CONSUME YOR HEALTH PRODUCTS

Registered Retail Customer (RRC) – A Customer who is sold product at Retail Price.

Select Customer (SC) – A Customer who pays an annual fee of \$25.00 USD and enjoys up to a 25% discount on our products.

Independent Distributor (ID) – A YOR Health Customer who pays an annual fee of \$50 and wants the opportunity to build a business by selling YOR Health products, enjoying up to a 25% discount on products and taking part in the YOR Health Compensation Plan.

PRODUCT VOLUME

Product Volume (PV) is a company-assigned value for each product for commission purposes. PV is used in a variety of ways to calculate commissions.

Retail Product Volume (RPV) – The Product Volume from a Distributor's product orders that are used for retail sale.

Customer Product Volume (CPV) – Product Volume generated from the product sales of your personally sponsored SCs, their personally sponsored SCs, and so on.

Group Product Volume (GPV) – The total Product Volume from product sales of SCs and IDs in your entire downline.

Sponsor Group Product Volume (SGPV) – Group Product Volume generated under the Sponsor Tree used to determine a Distributor's Achieved and Paid-As Ranks.

Binary Group Product Volume (BGPV) – Group Product Volume generated under the Binary Tree used to calculate and generate a Binary Match Pay bonus.

PLACEMENT, THE BINARY WAITING ROOM, SPONSOR TREE AND BINARY TREE

Placement

When someone enrolls, they will have the following options:

Auto Placement

The enrollee will be automatically placed on your Greater Leg if there is no Active PSP on the Greater Leg at the time of enrollment. If there is an Active PSP on the Greater Leg, the enrollee will be placed on the Lesser Leg.

Manual Placement

The enrollee will be able to select:

- Left
- Right
- Waiting Room

Selecting Auto Placement or Left/Right under Manual Placement locks the enrollee's position on the Sponsor's Binary Tree.

Binary Waiting Room

Newly enrolled Personally Sponsored People (PSPs) will be placed into the Binary Waiting Room if this option is selected during enrollment. You have until 11:59 PM Pacific on the Tuesday following the Pay Period they were enrolled in to place them in your Binary Tree (SCs and IDs only; RRCs can be placed on the Left or Right side).

Example: If someone enrolls in Week 13, you have until the Tuesday of Week 14 at 11:59PM Pacific to place them.

Otherwise, the system will auto-place any PSPs not assigned to the Distributor's Greater Leg first (If there is no Active PSP on that Leg), then all other PSPs to the Lesser Leg after.

Sponsor Tree

The Sponsor Tree tracks the genealogy of all your PSP and their PSPs, and so on, in your organization. In the Sponsor Tree, everyone you personally sponsor is automatically placed on Level 1, also known as your "frontline." Anyone who they sponsor would be your level 2, and so on.

Binary Tree

The placement of your PSPs are not always the same in both trees. In the Binary Tree, you control where you place your PSP. Use the Binary Tree to strategically build your organization. Building a successful organization will help you and your team maximize your Binary Match Pay.

LEVELS

The YOR Health Compensation Plan may have a different definition for the term, "levels," depending on what bonus it is used to explain. Use this guide below to understand the different meanings of "levels."

Sponsor Tree Levels – Sponsor Tree levels refer to where your PSPs are in your Sponsor Tree downline organization. Anyone you personally sponsor is your Level 1 (frontline), anyone they personally sponsor would be your Level 2, and so on.

Compressed Levels in Leadership Bonus – Every ID, based on where they are at in the Sponsor Tree, is on a "Level" i.e. all Personally Sponsored IDs are on Level 1, their Personally Sponsored IDs are on Level 2, and so on. If an ID is not Active on their "Level", the next Active ID below them will be "compressed" up. This is used for calculating Leadership Bonus Levels.

First Order Bonus (FOB) Levels – The term "levels" used in reference to FOB applies to the distribution levels for FOB. Level 1 is paid directly to you as a sponsor, Level 2 is what is paid to the Immediate Active Upline.

ACTIVE AND QUALIFIED STATUS

You must be an Active Distributor* in order to earn any YOR Health commissions. To be considered Active, you must accumulate at least 60 RPV from products sales every 28 days. If at any time, you are not Active, all volume will reset and new GPV will not be accumulated until you reach Active status again. Reset will be permanent after Monday of the following week at 12:00 PM (Pacific) of any week you are not Active. If Active status is not maintained at least once every 90 days, your account will change to a SC.

*Note: A new Distributor is automatically Active for the first 28 days from the date of enrollment. In order to begin accumulating BGPV, an ID must reach Activation. Activation occurs when a Distributor accumulates 400 RPV or more in product sales.

Advancing in Rank unlocks more income opportunities in the Compensation Plan. In order to advance in Rank, you must be both an Active and Qualified Distributor. In order to Advance and be Paid-as Ruby or Above, you must accumulate at least 120 RPV to be considered Active. To be qualified, you must have at least one Personally Sponsored Active Distributor on the left side and one on the right side of your Binary Tree. NOTE: A new Distributor is automatically Qualified the week that they enroll plus the following 4 weeks. Once their auto-Qualified period ends, the Distributor will need to fulfill the requirements in order to maintain Qualified status.

1 RETAIL PROFITS

Based on Retail and Wholesale Price difference

Based on maintenance of 70% Rule

Pays every Week (for retail sales purchased by your Customers directly online through YOR Health website)

INTRO: As an Independent Distributor (ID), you are eligible to purchase YOR Health products at the discounted Wholesale Price and re-sell the products at Retail Price, generating immediate profits instantly*.

Products sold online at Retail Price carry the same PV value as products sold at Wholesale Price.

WHO: Independent Distributors

HOW:

Option 1: Purchase YOR Health products at discounted Wholesale Prices, resell the products to your customers at the Retail Price (not through the YOR Health website) and supply your customers with a detailed receipt of purchase**. This allows you to supply the products to your customers at the point of sale.

Option 2: Register your customer as a Registered Retail Customer. When your Customers purchase YOR Health products at Retail Prices through the YOR Health website, you will earn the difference between Retail and Wholesale Price in your next weekly commission check.

Online Retail Example:

Your Retail Customer purchases a Set at Retail from the YOR Health website.

1.) Retail price is \$ 719.32 (\$534.08 Wholesale)

2.) You EARN \$185.24 Retail Profit (\$719.32 - \$534.08). That's over a 25% profit!

3.) Plus, you EARN \$60.60 Personal Customer Bonus** (15% of 404 PV)

4.) Plus, you EARN \$60.60 in Binary Match Pay*** (15% of 404 PV)

Your commission total would be: \$306.44 (\$185.24 + \$60.60 + \$60.60) from the online sale of a Set at Retail Price.

* Profits are based off of YOR Health's 70% Rule: YOR Health requires a minimum of 70% of the inventory of the Independent Distributor (ID) and their personally sponsored customers' orders to be sold before purchasing additional product to retail.

** Independent Distributors (ID) are required to provide all Retail and Select Customers with two (2) copies of an official YOR Health Sales Receipt specifying the date of sale, the amount of sale and the items purchased.

*** You must meet certain requirements to earn Binary Match Pay. See Binary Match Pay section for more details. Binary Match Pay is paid on the Lesser Leg for every 400 GPV increment.

2

INTRO: Earn a PCB from your customers' monthly product orders, up to 20% of the order's PV (excluding Enrollment Orders). PV from new Enrollment Orders will not pay out a PCB. See First Order Bonus (FOB) for more details.

WHO: All Active Independent Distributors.

HOW: For every order placed by your personally sponsored Customers, you will receive 10-20% of the order's PV in a PCB Payout.

NOTE: PV from new Enrollment Orders pay a First Order Bonus (FOB).

Based on the Sales of new Enrollment Orders of 400+ PV
Pays Every Week

INTRO: For every enrollment order of 400+ PV sold to a Select Customer or Distributor, you can earn an FOB of up to 20%. Your Immediate Active Upline will receive a 5% FOB payout.

WHO: All Active Independent Distributors and their Immediate Active Upline.

HOW: Sell an enrollment order of 400+ PV to a new Select Customer or Distributor. The FOB payout percentage is based on the PV of their first order (see chart below). A Level 2 payout will be paid to the Immediate Active Upline of the Sponsoring Distributor. NOTE: If the Sponsor or the Sponsor's Immediate Upline is not Active at the end of the Pay Period, a FOB Payout will not be distributed (for the corresponding FOB Payout level they are eligible for).

BINARY MATCH PAY

Binary Tree

Based on Binary Group Product Volume (BGPV)

Pays Every Week

INTRO: Binary Match Pay allow you to earn from the commissionable product sales made by the SCs and IDs in your organization. Binary Match Pay not only rewards you for your own efforts, but also the efforts of your team.

WHO: All Active and Qualified Independent Distributors who have achieved Activation (as defined in the Glossary attached hereto).

HOW: Earn up to \$30,000 per week from all sales generated in your Binary Tree*. Once the Lesser Leg on your Binary Tree reaches 400 GPV, we will pay out 15% on the Lesser Leg for every 400 GPV increment (also called 'Match'), if the ID has achieved Activation and is Active and Qualified**. The Lesser Leg GPV will be deducted from both Left and Right Legs***. Any balance will Carry Forward into the next week if not paid because of the 400 GPV increment requirement****.

NOTE: Your newly enrolled SCs and IDs can only be placed on your far right or far left legs.

* To ensure YOR Health does not exceed the maximum payout allotted for the volume accumulated in any given week, YOR Health, in its sole and absolute discretion, unilaterally retains the right to adjust the Binary Match Pay payout for certain Ranks (20% of the overpaid volume from Diamond-Blue Diamond, 80% for White Diamond and above).

** If the ID has not achieved/maintained Active and/or Qualified Status and the ID has Matches, we will still Balance Out and Carry Forward any volume for the next Pay Period.

*** Should your GPV on your Lesser Leg exceed the \$30,000 payout cap, we will still deduct the TOTAL Lesser Leg GPV from both Left and Right Legs to ensure volumes are balanced, and then cap the Binary Match Pay payout at \$30,000 .

**** The maximum GPV that can be carried forward in your left or right leg is 1,000,000 GPV. Any Carry Forward GPV remains banked on the left or right leg from pay period to pay period until it is a) deducted out when there is an increment of 400 GPV to be balanced out on the lesser leg or b) when an ID does not maintain their Active status by the close of the pay period affected.

Examples:

EXAMPLE 1

Commissionable Volume
4,400 GPV x 15% = **\$660 Binary Match Pay**

Carry Forward Volume

EXAMPLE 2

Commissionable Volume
Lesser Leg did not meet 400 GPV threshold =
\$0 Binary Match Pay
Carry Forward Volume

5 LEADERSHIP BONUS

Pays Every Week

INTRO: In addition to your Binary Match Pay, you can earn a matching percentage of the Binary Match Pay earned from every Distributor in your Sponsor Team. See the chart below for percentages and levels.

HOW: Based on your Paid-as Rank, you can earn a percentage of the Binary Match Pay earned by the Distributors at each level of your Sponsor Team with the Leadership Bonus. The higher your PAR, the more levels you will activate the Leadership Bonus on, up to 7 Levels!

NOTE: Levels are based on Dynamic Compression. Your PAR rank from the previous Cycle unlocks the Leadership Bonus levels you are eligible for in the current Cycle. If you advance in rank during the current Cycle, you will unlock the corresponding Leadership Bonus levels for your new rank.

* Leadership Bonus Cap: Your Binary Match Pay determines how much you can get a Leadership Bonus on all Distributors in your Sponsor Tree, up to 7 Levels. This is determined by multiplying your Binary Match Pay and the percentage at each level you unlock a Leadership Bonus on.

Example: You earn \$1000 in Binary Match Pay and you are PAR Diamond:
